

Sunday AM.

Hi Vicki & Jim,

I trust you are both back at work this week - Did you fly on out to Dulles Saturday? Surely was good having you home for a few days, honey! I did find some thing you left behind that I was sure you'd want so I mailed your styler - dryer yesterday - it was in the bath-

room cabinet -

2.

We had a beautiful weekend - And Ken and Debbie invited Frances and us and Jerry and Vicki for a barbeque on Sunday. It was lovely in their back yard even though they haven't gotten the new patio in yet. Vicki & Debbie both walked over the little concrete rubble barefooted - couldn't see how!!

Then yesterday the weather changed -
was breezy and a little rain -
But today is good again -

Jerry "refinished" or steel brushed
our old copper boiler for me
to use as a planter or wood
carrier for Mother's Day and
then they bought me a rhododendron
plant and a climbing rose too!
The "younger Goulds" that is, did that -
Very nice surprise - Wanted you
to know the package was en
route - Write soon - Love,
Mom & Dad
